Fund Commentary

In October, the Fund paid a net distribution of **1.05 cents per unit** for the month, bringing the total annualised return to **10.95%** since inception. The loan portfolio has achieved this rate of return whilst maintaining an **LVR of 53.40%**.

As at the end of October, the fund received the repayment of a residual stock facility which had a limit of \$11m. The fund also issued a new facility post month end. This new facility is secured by a parcel of industrial land and has a loan-to-value ratio (LVR) below 30%.

We are reviewing and performing due diligence on a current land loan in Vineyard for a potential extension.

At the end of the month, the Fund's portfolio consisted of a total of 17 loans. The Fund is actively assessing numerous opportunities and remains committed to identifying and financing viable investment options.
